
Dear Hiring Manager,

By means of this letter I would like to inquire about the possibility of filling an outstanding position at Brainnest. My preference would be to fill the position of Frontend Developer. I would like to use my skills with Brainnest, in order to make optimal use of my acquired knowledge

I currently intern at Semicolon Africa, a community raising the next generation of problem solvers as professional software engineers. My experience as a Frontend developer at Semicolon Ventures, has provided me with the expertise to be able to make a valuable contribution to Brainnest in the position of Frontend Developer

I have problem solving skills and a team spirit. I am open to personal development as I readily learn from experiences and build up my skills in my field.

I assimilate fast and can learn diverse languages and frameworks if the knowledge of these are required. I would fit into the role of a Frontend developer because I am trained to think along the lines of problem solving and can handle a variety of tasks. Thank you for your time and consideration.

Sincerely,

Motunrayo
